## Asserted values

---

LOVE, RESPECT, PROTECT  
nature and the animals.

GIVE EACH person the opportunity to relax  
in a family atmosphere

Principles of Naturism:

respect the tranquility of everyone,  
implement user-friendliness and tolerance,  
not to make a judgment that undermines the  
dignity of others,  
do not use abusive language,  
not to have an attitude or behaviour that  
undermines good morals

## Involved members

---

The members of the Dorier are all involved in the life of the association. The members of the chief board define a project and involve all members in its implementation.

In 2019, 3 commissions were created: Construction, Animation and Communication.

The role of the ethics committee has been clarified.

The office asked members who can not participate in the working days to bring perennial plants for the flowering of the campsite.

Members are invited to share their passion to set up the program of activities.
